To Whom It May Concern:

I strongly recommend Daniel Penz. He is an amazing editor who always does an exceptional job of editing my investigative and longer form news stories. Daniel is creative, not only in making the pieces look their best, but in helping us shorten them without losing any of their punch.

Most importantly, Daniel is a pleasure to work with: professional, patient, and polite. A real team player.

In short, Daniel is a major asset for us, and I know he will continue to thrive.

Sincerely,
